4/14/69 Alberto Fowler phoned me about the classbook, about which he had a misapprehension, thinking it was of the entire brigade. Rebeull has not answered his inquiry, either.

We also talked about Penabaz, Gaudet, Bebe (Rebaso?, Nixon's friend, a Batista man), Larry Borenstein (Trotsky's nephew), Citizens' Committee for a Free Cuba (which also published a magazine, Latin American Report), Bermudez, Shaw, Cobb (lied in saying he and Shaw had no social contact), Bob Angers (extreme right and CIA or FBI), trial, Laureano Batista (his friend), Venezulans at VIP room (there were two military men not mentioned in press, one US mil man also not men tioned - he has names from State Dept and gave them to Jim)
